

Schol Prep

Subject	Number of Questions	Duration (Hours)	Weighting
Computer Systems	3	2	30%
Computer Science	3	2	25%
Mathematics & Statistics	4 out of 6	3	22.5%
Computer Programming	2	2	22.5%

Past Paper: https://www.tcd.ie/academicregistry/exams/pastpapers/scholarship/

Computer Systems (3Qs)

This includes:

1. Microprocessor System
2. Telecommunication
3. DLD
4. Electronics

💻 Computer System (XSCH3087)

Computer Science (3Qs)

This includes:

1. Structure and behaviour of computer systems
2. Assembly Language Programming
3. Data & information
4. Systems Programming

👩‍🎨 Computer Science (Code to be decided)

Mathematics & Statistics (4/6Qs)

This includes:

1. Two questions based on the study of Mathematics in the Junior Fresh year.
2. Two questions based on the study of Mathematics in the first semester of Senior Fresh Year.
3. Two questions based on the study of Statistics in the Junior Fresh year and the First Semester of the Senior Fresh year.
4. Bayes theorem: IMP →

$$P(B|A) = \frac{P(A|B)P(B)}{P(A)}$$

provide P(A) ≠ 0.

🏅 Mathematics & Statistics (XSCH3071)

Computer Programming (2Qs)

💻 Computer Programming (XSCH3307)

Some Notes

there is basically nothing here 😭

🎨 Maths 2 Notes

🪠 Assembly Notes
